

# SCENES OF CHARLESTOWN 2014 CALENDAR

**Our 2014 Calendar brings you a selection of wonderful photos and paintings of Charlestown Township with fascinating background information about each photo.**

*This is a very colorful calendar featuring images created by area residents over the past few years.*

*Information about each month's image is provided (including location on a keyed map on the back of the calendar) and identifies the artist or photographer and historical significance, if any. Where appropriate, the reader is referred to CHS's new book *Historical Sketches of Charlestown Township* for further information about the subject.*

*This 2014 Calendar includes three images created by Charlestown Elementary School students, one of which is September's main image.*

*13 Months - The 2014 Calendar includes January 2015 so you can note appointments before the end of the year. Holidays and GVSD days off for the 2013-14 school year are included. Information about the Charlestown Historical Society and a directory of Township Offices and Officials are also included.*

*Available at the Township Office and via mail order forms posted on [www.charlestown.org](http://www.charlestown.org).*

... - In the spring of 2011 and 2012, the Merriwethers on Yellow Springs Road enjoyed front row seats as a mother fox raised two sets of kits (baby foxes) in the steep side-wall of an old quarry immediately behind the Merriwethers' home. In 2011 she had three kits and in 2012 two kits. The excavation of the den yielded a nice level terrace outside the den opening, and all but the lower left photo were taken of the family on this "stoop". The upper-right image shows the opening to the den as seen from the opposite end of the quarry. The middle image on the right shows the three 2011 kits trying to snuggle together on the steep slope above the den. The middle kit seems to be anticipating the group sliding down the slope, an event that happened frequently as the lowest kit inevitably could not gain enough purchase to hold the weight of all three. In 2013 the fox's den was taken over by a neighborhood groundhog (lower-right image).

## February 2014

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
26	27	28	29	30	31	1
2	3	4	5	6	7	8
